

HISTOLOGY SUPPLEMENTAL FORM
Trimming Services & Slide Interpretation
(Additional Charge)

My project requires: Trimming Service Slide Interpretation (Please see reverse side for additional questions)

Are you currently talking to a CVMDL Pathologist regarding your project?

Dr. Julia Burkett Dr. Neha Mishra Dr. Emily Reinhardt No, Please Assign One to Me!

Tissue/Organ of Interest: _____

Orientation of Tissue: Coronal Section Longitudinal Section Sagittal Section Transverse (cross) Section
 Oblique Section Enface Section Other: _____

Evaluation Parameters:

Standard scoring (0-4; with 0=no lesions, 1=minimal, 2=mild, 3=moderate, 4=marked)

Other _____

Do you want this to be a blind study? Yes / No

Is this a multiple phase study? Yes / No

If yes, do you want the same pathologist throughout the entire project? Yes / No

What is the objective of the study and the specific research questions or hypotheses being addressed?

What animal species, strain/breed, age, sex, and number of animals are included, and are there control groups?

What devices, treatments, exposures, or interventions were applied—including dose, route, duration, and timing?

What tissues or samples are being submitted, and what processing/sectioning information should the pathologist know?

What clinical observations, gross findings, or prior diagnostic results are available that may influence histopathologic interpretation?

Please list any additional notes the pathologists should know (or attach study information)
